

About the Course

ArthaVidhya redefines skill development training by its innovative concept of VIRTUAL OFFICE.

The course is Online, Interactive and Job oriented, and enables students to learn and practice the accounting processes performed across enterprises in India.

Students will be made to work as a finance person in their customised virtual office, carrying out various transactions in a simulated environment. It helps users in understanding process steps and documentation requirements to complete multiple and complex corporate transactions.

The course is GST compliant. GST learning module helps students to understand the concepts of GST, implication and its structure with examples. Students will carry out GST based transactions while working in the virtual office.

As the course is online, students can do the course from anywhere and at anytime.

Upon completion of the course, student would have learnt to apply the accounting concepts that a corporate enterprise requires.

Benefits to the Student
